

WE ARE JUST GETTING STARTED

This is our solution to the global challenge of managing traffic flow in the future.

CAV WILL UNLOCK INNOVATION

Connected and Autonomous Vehicles give us the ability to control vehicles and manage intersections more efficiently.

YOUR INVESTMENT IN OUR TECHNOLOGY INNOVATION

We have developed an AI control strategy that provides a significant improvement in traffic flow through roundabouts and intersections.

FACT ONE

The Founder of ZIM was awarded an OBE for his service to innovation and technology

FACT TWO

Zeta Intersection Management (ZIM) launches at Venturefest in Oxford

FACT THREE

Viewing dates are available to see the ZIM test track in Bicester

WHAT IS NEXT FOR ZIM?

Series A: Funding Opportunities - equity funding is available in order to secure next stage of company growth.

OUR FUTURE ROADMAP

- ✓ Recruitment and scale-up
- ✓ Trials at UK proving ground
- ✓ Lobbying for national adoption
